

CTL Minutes

February 9, 2009

Members Present: John Burke, Moira Casey, Brad Farr, Lizz Howard, Eric Luczaj, Ellenmarie Wahlrab.

CELT Director Search

Marianne Cotugno, ENG, contacted the CTL to invite the CTL LC to participate in the upcoming interviews for the new CELT Director and to ask if we had any concerns/information about the search. One concern that the LC expressed is that the candidates should come to the regional campuses. Lizz will also contact Marianne to tell her about the many ways that the MUM CTL currently collaborates with CELT.

Student Worker for 2009-2010

Lizz and Ellenmarie will ask Kate for suggestions for students who might be interested in working with the CTL during the next academic year. The LC also discussed the possibility of Kate helping to train the new student worker next fall and ways that we could compensate Kate for her time.

SGIDs

The SGID Advisory Committee reported trouble using the computer cart with the laptop and overhead projector and recommends that the CTL purchase its own projector. The LC agreed that a projector would be a wise purchase. Ellenmarie will check the budget and report back next week.

In order to attract more people to facilitate SGIDs, Moira drafted a letter to be sent to coordinators/chairs about the service of the facilitators. Moira will create a draft of a letter/flyer to give to potential SGID facilitators emphasizing that facilitating SGIDs often brings pedagogical insights to the facilitator, such as being better able to view the classroom from a student's perspective. The LC also agreed to offer development funds to SGID facilitators for every five (5) SGIDs that they facilitate. Ellenmarie will check the budget and report back next week.

LLT Conference

Andrea Han asked if the CTL would be interested in co-sponsoring one-day registrations costs for the Ohio Learning Network's conference: Learning, Libraries and Technology (previously Ohio Digital Commons for Education) held on March 2-3. Pending review of the budget by Ellenmarie, the LC agreed to sponsor two (2) faculty/staff. Ellenmarie will contact Andrea after reviewing the budget.

Fall 2009-2010 Opening Workshop

The LC brainstormed about topics and approaches for the Fall 2009-2010 Opening Workshop for the Middletown and Hamilton campuses. Suzanne Gord (Hamilton) contacted Lizz and suggested a teaching technologies theme. Lizz will contact Suzanne to thank her for her input and to let her know that we have just begun discussions on the opening workshop. Rob Schorman reports that we may have as much as \$3-\$4K to invite a speaker.

BIS FLC

Rob Schorman requested that the CTL hold a special on the BIS FLC. Moira will contact the potential presenters/facilitators and schedule the special.
