

# NAVIGATING THE INFORMATION UNIVERSE

## Your mid semester check-in from the library

## Letting Your Creativity Shine

Our TEC Lab creation of the month was made by a Regional student using our laser cutter, a bit of paint, and a spare piece of wood. If you would like to try using our laser cutter, come join us November 5th for our TEC Tuesday event to Meet the Laser Engraver and Cutter .

## Want to Catch a Movie?

As we update our streaming guidelines, the library is interested to know more about what services you subscribe to for your movie watching needs. Please fill out this [quick 2 question survey](#) to help us learn more about the popularity of streaming services.

## What Kind of Events are you Attending?

We want to know what events you are attending at the Regionals. Our Campus Events Survey looks to help us improve when we offer events as well as what subjects and types of events you would like to see included. If you have a minute we would love to get your feedback at [https://miamioh.formstack.com/forms/email\\_campuseventssurvey](https://miamioh.formstack.com/forms/email_campuseventssurvey). The survey is only five questions and you may enter to win a \$25 Amazon gift card when you are done.
